

Capturing critical **real-time** operations data

Service Minder™ Mobile allows your facility to handle critical tasks and increase efficiency through a mobile and paperless system. Resident assessments can be completed quickly and thoroughly. In addition, care provider daily schedules are easily administered via each mobile unit in real time.

Mobile Minder™ Features & Benefits:

Assessments:

- Download all assessment types to Service Minder Mobile
- Complete resident assessments
- Review completed assessments prior to uploading
- Service Minder Mobile will sync with Service Minder, eliminating the need to re-key assessments

Daily Schedules:

- Download Provider daily schedules to Pocket PC
- Confirm scheduled service times
- Confirm “unscheduled” service times
- Confirm refusal services
- Confirm actual services

Medication Time Allocation Tracking:

- Track time intervals with resident Medication Passes
- Know the amount of time required for each resident
- Schedule balancing
